

UNT Dallas College of Law

Campus Safety, Security and Crime Awareness Report

General Information:

The University of North Texas at Dallas (“UNT D”) employs certified police officers on campus to patrol and monitor a non-residential commuter campus (the Main Campus) that currently consists of two buildings located in Dallas, Texas. The safety and security of all members of the university community are of paramount concern to the UNT D. UNT D strives to be a safe environment for all members of our learning community. We work to achieve this by developing a partnership with students, administrators, faculty, staff, and the community.

UNT Dallas College of Law (“College of Law”) merged with UNT D on September 1, 2015. The College of Law is located within the University of North Texas System Building located at 1901 Main Street in downtown Dallas, approximately 20 minutes from the UNT D Main Campus in South Dallas. The UNT System Building houses senior UNT System officials and the College of Law. UNT D police department is available to support the College of Law. In addition, the UNT System Building security is outsourced to a private security firm, and provides the more direct, onsite day-to-day security for the College of Law.

Success in safety and crime prevention at UNT D depends in large part on the education and participation of the campus community, which includes the College of Law. The campus community is provided information regarding safety programs and services, but individuals are also advised they are ultimately responsible for their own security and safety. Each year UNT D and the College of Law will publish an annual report concerning campus security and crime statistics. This report will contain information for reporting of crimes, important university policies and procedures, law enforcement authority on campus, and support services for victims of crimes.

It is the policy of UNT D and the College of Law to provide an environment conducive to an educational mission; thus any conduct that is prohibited by state, federal, or local law is subject to discipline under the provisions of UNT Dallas and UNT Dallas College of Law policies, as appropriate. UNT D monitors and reports to area law enforcement agencies any illegal conduct of students, faculty, or staff on university premises or off-campus locations. In addition, university officials may refer any evidence of illegal activities to the proper local, state, or federal authorities for review and potential prosecution. Also, the UNT Dallas Police Department (UNT D-PD) keeps an online Daily Crime Log. The crime log is accessible online or in person at the UNT Dallas Police Department during normal business hours.

Policy for Preparing the Annual Disclosure of Crime Statistics

The College of Law coordinates the collection and reporting of crime statistics as specified in the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). Each year, the College of Law will notify all enrolled students and employees, via email or campus mail, that they can view the report online. Copies of this report also may be obtained by prospective

students upon request from the Office of the Dean of Students and UNT Dallas Police Department. Prospective employees may obtain a copy of this report upon request from Human Resources. All UNTD campus crime statistics for 2017 have been reported to the U.S. Department of Education through the University of North Texas at Dallas.

The report is prepared in cooperation with the UNTD-PD, local law enforcement agencies, the UNTD Division of Student Affairs, and the following divisions within the College of Law: Associate Dean for Finance and Administration, Assistant Dean of Student Affairs, and the Registrar, as well as designated campus officials. Each entity provides current information regarding its safety and security educational efforts and programs. The university provides annual guidance to employees on campus who are likely to receive reports of criminal activities. These “designated campus officials” are required to immediately inform campus police of reports of certain crimes made to them that might have occurred on university property, in or on non-campus buildings or property or on public property immediately adjacent to campus. Additionally, a letter is sent annually to designated campus officials requesting information about all reports of certain crimes that have been made to them during the year. Campus police follow up on all reports of criminal activity in areas under its jurisdiction. A procedure is in place to report crime statistics disclosed confidentially during a session with a mental health or medical provider. Reports of criminal activity given to designated campus officials, anonymous reports, and reports of crimes made to local law enforcement agencies are collected and included in the crime report as required by the Clery Act.

Violence Against Women Act 2013

UNTD and the College of Law do not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be

forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, UNTD and the College of Law issue this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a University official. In this context, UNTD and the College of Law prohibit the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirm their commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

A. Definitions

There are numerous terms used by UNTD and the College of Law in our policy and procedures.

Consent is defined as: words or actions that show an active, knowing and voluntary agreement to engage in sexual activity. Consent cannot be gained by force, coercion, manipulation, threats, or by taking advantage of the incapacitation of another when the individual knows or reasonably should know of such incapacity by use of alcohol or drugs. Consent is absent when the activity in question exceeds the scope of previously given consent, or the person is unconscious or otherwise unaware that the prohibited conduct is occurring. Consent may be revoked at any time.

Sexual Assault: “Sexual assault” means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape is defined as non-forcible sexual intercourse with a person who is under the statutory age of consent.
- Sodomy is defined as oral or anal sexual intercourse with another person without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
- Sexual Assault with an object is defined as the use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

B. Education and Prevention Programs

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- a. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- b. Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;

- d. Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
- e. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
- f. Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

The university has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation.

C. Procedures for Reporting a Complaint

UNTD has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The university will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the CAMPUS POLICE or local law enforcement. Students and employees should contact:

UNTD Title IX Coordinator

(972) 338-1814

UNTD Police

(972) 780-3000

UNTD Dean of Students

(972) 338-1775

College of Law Assistant Dean of Student Affairs

(214) 243-1789

Additional Resources may also be found using the following link: www.untDallas.edu/svr

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at:

Dallas Area Rape Crisis Center

(214) 641-RAPE (7273)

Parkland VIP Rape Crisis Center

(214) 590-2926 or 24-hr. hotline: 214-590-0430

Genesis Women's Shelter

(214) 946-4357

In Texas, evidence may be collected even if you chose not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to university hearing boards/investigators or police. Although the university strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. UNTD and the College of Law will assist any victim with notifying local police if they so desire. UNTD-PD may also be reached directly by calling (972) 780-3000 or 911 in person at 7400 University Hills Blvd. (suite 131) Dallas, TX 75241. Additional information about the UNTD Police Department may be found online at: <http://www.untDallas.edu/police>.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Mr. Luke Donohoo, luke.donohoo@untDallas.edu, or phone (972) 338-1814 by calling, writing or coming into the office to report in person and Campus Police. The university will provide resources, on campus off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Public

Safety or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the university, the below are the procedures that the university will follow. The standard of evidence that will be used during the investigative process, including any judicial hearing on campus arising from such a report, will be the preponderance of the evidence standard:

D. Assistance for Victims: Rights & Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the university will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Texas, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

- (8) the right to be provided with a waiting area, separate or secure from other witnesses, including the offender and relatives of the offender, before testifying in any proceeding concerning the offender; if a separate waiting area is not available, other safeguards should be taken to minimize the victim's contact with the offender and the offender's relatives and witnesses, before and during court proceedings;
- (9) the right to prompt return of any property of the victim that is held by a law enforcement agency or the attorney for the state as evidence when the property is no longer required for that purpose;

- (12) the right to request victim-offender mediation coordinated by the victim services division of the Texas Department of Criminal Justice;
 - (13) the right to be informed of the uses of a victim impact statement and the statement's purpose in the criminal justice system, to complete the victim impact statement, and to have the victim impact statement considered:

 - (15) for a victim of an assault or sexual assault who is younger than 17 years of age or whose case involves family violence, as defined by Section [71.004](#), Family Code, the right to have the court consider the impact on the victim of a continuance requested by the defendant; if requested by the attorney representing the state or by counsel for the defendant, the court shall state on the record the reason for granting or denying the continuance; and
 - (16) if the offense is a capital felony, the right to:
 - (A) receive by mail from the court a written explanation of defense-initiated victim outreach if the court has authorized expenditures for a defense-initiated victim outreach specialist;
 - (B) not be contacted by the victim outreach specialist unless the victim, guardian, or relative has consented to the contact by providing a written notice to the court; and
 - (C) designate a victim service provider to receive all communications from a victim outreach specialist acting on behalf of any person.

Further, UNTD and the College of Law comply with Texas law in recognizing orders of protection. UNTD-PD enforces protective orders in accordance with the state of Texas Code of Criminal Procedure. For example, any person who obtains an order of protection from Texas or any reciprocal state should provide a copy to Campus Police and the Office of the Title IX Coordinator.

A complainant may then meet with UNTD-PD, the Title IX Coordinator and the College of Law's Assistant Dean of Student Affairs to develop a Safety Action Plan, which is a plan for UNTD-PD and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc. The university cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is

required to apply directly for these services in conjunction with local law enforcement. Protection from abuse orders may be available through filing an application for protective order with the clerk of the court. UNTD may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, university offices will work cooperatively to ensure that the complainant’s health, physical safety, work and academic status are protected, pending the outcome of a formal university investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20). Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The university does not publish the name of crime victims nor house identifiable information regarding victims in the campus police departments Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request:

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.

Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

The following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don't know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cash money.
7. **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. **Don't accept drinks from people you don't know or trust**. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. **Watch out for your friends, and vice versa**. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.)**. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. **Remember that being in this situation is not your fault**. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - b. **Be true to yourself**. Don't feel obligated to do anything you don't want to

- do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
- c. **Have a code word with your friends or family** so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. **Lie.** If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

E. Adjudication of Violations

Whether or not criminal charges are filed, the university or a person may file a complaint under the UNT Dallas Student Code of Conduct and Employee Ethics and Standards of Employee Conduct (7.001 of the Code of Student’s Rights, Responsibilities, and Conduct and 5.007 of the University Policies) alleging that a student or employee violated the University’s Student Code of Conduct or Title IX policies.

Reports of all domestic violence, dating violence, sexual assault and stalking made to Campus Police or the College of Law Assistant Dean of Student Affairs will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant chooses to pursue criminal charges.

The university disciplinary process is consistent with the institution's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay.

Investigators and hearing board members are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. The Student Code of Conduct and Employee Ethics and Standards of Employee Conduct provides the following:

1. The accuser and the accused student each have the opportunity to attend a hearing before a properly trained hearing board that protects the safety of victims and promotes accountability;
2. The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;
3. The institution will allow for timely access to the accuser, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meeting and hearings;
4. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
5. The institution provides the accuser and accused the same opportunities to have others present during an institutional disciplinary proceeding. The accuser and the accused student each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. An advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing;
6. A student conduct decision is based on the preponderance of evidence standard, i.e. "more likely than not to have occurred" standard. In other words, the conduct process asks: "is it more likely than not that the accused student violated the university's Student Conduct Code or College of Law Honor Code;
7. The accuser and the accused will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final; and

8. The accuser and the accused each have the right to appeal the outcome of the hearing and will be notified simultaneously in writing, of any change to the result prior to the time that it becomes final and of the final result after the appeal is resolved.

Confidentiality

The university will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

The university may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include some or all of the actions listed below.

Sex Offender Registration

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

General Information

Missing Persons Policies

Time is of the essence when a person is missing. The National Child Search Assistance Act now allows police to report missing persons under 21 years of age to the National Crime Information Center and begin an investigation as soon as a missing person report is received. If you receive reliable information that a student cannot be located, please call the UNTD-PD immediately at (972) 780-3000.

Protecting Minors on Campus

Texas state law requires anyone who suspects child abuse or neglect to report those suspicions to the Texas Department of Family and Protective Services (DFPS) or to a local law enforcement agency, including the UNTD-PD. Any person who has reason to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect by another person must immediately report the suspected abuse or neglect. This obligation applies to ALL members of the university community, including faculty, administrators, staff and even students. In addition, there are special reporting obligations for certain employees defined as "professionals" Licensed professionals including, "teachers, nurses, doctors, day care employees, and employees of a clinic or health care facility that provides reproductive services" have a specific duty to make a report not later than 48 hours after suspecting that a child has been or may be abused or neglected or that the child is the victim of the offense of indecency with a child.

A "child" is a person under 18 years of age. Neither Texas Law nor any university policy allows individuals to delegate the duty to report child abuse or neglect. Report suspicion to another individual, UNTD Official, or to the UNTD Compliance Hotline does not satisfy the reporting requirement. While employees are encouraged to report incidents of abuse or suspected abuse to a supervisor or responsible university official in accordance with UNT Dallas Policy 5.032 (*Reporting Child Abuse and Neglect*), your first obligation is to protect the child by reporting to law enforcement or DFPS. Any person who knowingly fails to report suspected child abuse or neglect commits a Class A Misdemeanor, which is punishable by up to one year in jail and/or a fine of up to \$4,000. One can contact:

- UNTD Police at (972) 780-3000 or dial 911 for emergencies
- Local law enforcement in your area
- Texas Department of Family and Protective Services at its toll-free, 24-hour Family Violence Hotline at (800) 252-5400

Access and Security of UNTD and College of Law Campus Facilities

UNTD and the College of Law are open campuses; however, access to the campus and university facilities is controlled by written policy and state law. Only authorized students, faculty, staff, and visitors may enter upon or use university facilities. Unauthorized persons, once identified, are asked to leave the campus. Those persons failing to comply with policy, directives, or state law can be prosecuted for trespassing.

Security of UNT Dallas Campus Facilities

UNTD Campus police regularly patrol the grounds and buildings at the UNTD Main Campus, while UNT System security regularly patrols the UNT System building facilities. Facilities personnel maintain university facilities with a concern for safety and security. Lighting surveys are conducted, both at UNTD and the College of Law, on a regular basis to spot any lighting concerns or areas in need of repair. In addition, defective lighting conditions are reported as detected by building service personnel and police officers. Campus police conduct security audits as needed to continually assess facility security needs.

Campus Law Enforcement

UNTD police officers are empowered by the state and have authority to stop vehicles, make arrests, and enforce all laws throughout Dallas, Tarrant and Denton counties. Campus police jurisdiction includes the UNTD Main Campus as well as the College of Law. UNTD-PD maintains liaison with other local, state, and federal law enforcement agencies in support of campus security and safety efforts. UNTD-PD became an independent and fully licensed department on April 1, 2012.

Campus Security Authority for the UNTD Main Campus and the UNT Dallas College of Law

You are encouraged to report alleged crimes by using the above means; however, there are campus officials to whom you may also report a crime who have significant responsibility for student and campus activities, but do not have significant counseling responsibilities. Campus Security Authorities (CSA) are responsible for reporting all allegations of Clery Act crimes that are reported to them in their capacity as a CSA. These officials include all deans, directors, department chairs, vice presidents, and administrators at the Associate Provost level or higher. All individuals who are identified as Campus Security Authorities are required to complete an annual training. Campus Security Authorities shall forward all crime reports to the campus police. For names and numbers of such officials, please use the University Directory or call the university operator at (972) 780-3600.

Campus police will review reports of alleged criminal activity and either send an officer immediately or refer the report for subsequent investigation, depending upon the nature and seriousness of the offense involved. Individuals reporting an alleged crime should attempt to preserve evidence that might prove the crime was committed. All criminal incidents are investigated by campus police. Campus police response(s) include, but are not limited to:

- immediate response to emergencies through dispatch of one or more officers;
- investigation of reports in accordance with procedures;
- arrest and filing of charges, depending upon the circumstances of the incident;
- referring alleged offenders to appropriate campus agencies, such as the Office of Student Affairs; and

- making timely warning and reports of crimes that represent a continuing threat to students and employees.

Obligation to Report Child Abuse for UNTD Main Campus and the College of Law

There are occasions when minors (children under the age of eighteen) are on Campus as visitors, volunteers, or participants in a program. Therefore, UNTD and the College of Law would like all students, faculty, and staff to be aware of their obligation to report suspected abuse if they see or have reason to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect by any person.

Reports of suspected child abuse shall immediately be made to either:

1. Local or state law enforcement, including UNTD-PD at (972) 780-3000; or
2. The Department of Family and Protective Services (CPS) at 1 (800) 252-5400 or online at www.txabusehotline.org

Notes: [The report should try to identify, if known, the name and address of the child, the name and address of the person responsible for the care, custody, or welfare of the child; and any other pertinent information.]

[Any person who acts in good faith to report suspected child abuse is immune from civil or criminal liability. However, failure to report may be a misdemeanor when a person has cause to believe a child's physical or mental health or welfare has been or may be adversely affected by abuse or neglect. Of course, a person who knowingly makes a false report may be committing a felony criminal offense.]

Alcohol and Drug Policies and Penalties

The abuse of alcohol and other drugs by members of the university community is incompatible with the goals of our academic institution. UNTD has a policy prohibiting drugs and the illegal use of alcohol.

Substance abuse programs are offered at UNTD in order to ensure alcohol and other drugs do not interfere with the goals of the student or staff member. These programs are designed to:

- publish and enforce policies for employees and students that promote an educational environment free from the abuse of alcohol, illicit or other drugs;
- educate the campus community about the health risks associated with the abuse of alcohol and other drugs;
- provide confidential, effective assistance to students and employees who seek help for substance abuse problems; and

- create a campus environment that promotes and reinforces healthy lifestyles and responsible decision making.

Alcohol

UNTD has established a campus alcohol policy which can be found on the UNT Dallas Policy Index page <https://www.untDallas.edu/hr/upol>.

Employees may not work under the influence of illicit drugs and may not abuse legal drugs or inhalants.

Employees: The unlawful use, possession, or distribution of drugs or alcohol, or engaging in conduct prohibited by university policy regarding the manufacture, sale, possession, distribution, or use of alcohol or illegal drugs will result in penalties that range from mandatory counseling to dismissal. Continued employment/re-employment may also be contingent upon participation in or successful completion of university approved drug/alcohol counseling and rehabilitation programs.

The use or possession of alcohol or drugs by an employee on university premises (except as authorized by the university) is defined as misconduct by the University of North Texas at Dallas' "Employee Ethics and Standards of Employee Conduct." The unlawful use, possession, or distribution of illicit drugs or alcohol by an employee is prohibited by the University of North Texas System's "Policy on Drugs and Alcohol."

Individual students, employees and organizations violating university policies or engaging in conduct that is prohibited by state, federal, or local law are subject to discipline under the provisions of campus policies, as applicable. In addition, university officials may refer any evidence of illegal activities to the proper local, state, or federal authorities for review and potential prosecution.

Every student and staff member should read and become familiar with the policies on alcohol and other drugs that are discussed in the [Code of Student's Rights, Responsibilities, and Conduct](#) and [University of North Texas at Dallas Policy Manual](#) which can be found at <https://www.untDallas.edu/hr/upol>. General Emergency Procedures for the UNT Dallas College of Law Emergency Preparedness and Response

UNT Dallas College of Law regularly develops and annually updates plans and procedures, in cooperation with the UNT Dallas Police Department, UNT Risk Management Services (RMS), and the UNT System Emergency Preparedness Team (UNTSEPT), for emergency response and recovery for the UNT System and College of Law campus community. Emergency plans and procedures as well as a variety of additional resources are available for viewing on the UNT System and the College of Law websites. UNT System building operations representatives, have been designated to work with Dallas Police Department, Dallas Fire Rescue, Facilities, Risk Management Services, Dallas

Alert and other emergency personnel to identify and help resolve facilities and other safety related issues.

These representatives also serve as a point of contact during drills or actual emergencies and relay information between Safety Coordinators and emergency personnel. Safety Coordinators are full-time faculty or staff members who have received training to assist their fellow building occupants during emergencies. Possible emergencies that may occur include, but are not limited to, the following:

- Bomb threat
- Campus violence / active shooter

- Civil unrest
- Explosion
- Fire (localized building fire)
- Gas leak
- Hazardous material spill
- Public health crisis
- Severe weather
- Terrorist incidents

The UNTD Police Department in cooperation with the UNT System Emergency Preparedness Team (UNTSEPT) and UNT Risk Management Services (RMS) conducts tests of emergency response and evacuation procedures, at least annually, through a variety of drills and exercises designed to assess and evaluate emergency plans and capabilities. Emergency notification systems are tested at least once annually. Exercises may include tabletop, functional, full-scale, or any combination thereof. Tests may be announced or unannounced in advance to the campus community. Each test is documented, including at a minimum, a description of the test, the date and time, and whether it was announced or unannounced. Various campus units, including UNTSEPT, COLRMC, and UNTD-PD utilize outreach programs to train and educate the campus community, providing the knowledge needed to respond appropriately to various types of hazards. Additionally, UNTD and the UNT System annually publicize emergency response and evacuation procedures to the campus communities. This publicity occurs primarily through multiple “blast” emails and CANVAS announcements sent to employees and students throughout the year. The primary law enforcement response to emergencies occurring on the College of Law property is Dallas Police Department followed by UNTD-PD. Emergencies requiring a Fire Department/EMS (Emergency Medical Services) response are provided by the City of Dallas.

UNTD College of Law works with UNT System Security and the City of Dallas first responders when necessary to resolve situations. Students and employees are required to notify UNT System Security and UNTD Police Department of any situation or incident occurring on campus that may constitute an immediate threat to the health and/or safety of students and/or employees.

Emergencies may be reported by dialing 911 from any cell phone or campus landline. 911 calls are received and responded to by the City of Dallas Police Department.

Emergency Notification/Emergency Communication Guidelines

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the life, safety, or security of the campus community occurring on campus, the College of Law will, without delay, and taking into account the safety of the community, determine the content of emergency notification messages and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency. The following campus officials have been designated to serve as authorized officials who are empowered to approve the content and issuance of emergency notifications:

- Chancellor or her designee
- Chief Communications Officer for UNT System

When an authorized official receives a report of an imminent or already occurring situation that poses an immediate threat to life, safety, or security on campus, s/he will confirm the report. Depending on the situation, confirmation may be achieved through one or more of the following sources:

- Investigation by UNTD Police Department,
- Investigation by other UNTD campus units,
- UNT System Security and Facilities
- Investigation by City of Dallas Fire Department and/or Police Department
- Dallas County Emergency Services and/or Health Department
- Texas Department of State Health Services
- Media reports originating from the incident scene
- Personal knowledge or observation

The authorized official will determine, consulting with other campus officials as appropriate, how much information is appropriate to disseminate at different points in time. This determination will be based on the following:

- Nature of incident or threat
- Location of the incident or threat
- Segment to be notified

Depending on the circumstances, UNTD or the College of Law may send emergency notification messages to the entire campus community or only a segment of the population. If a confirmed emergency situation appears likely to affect a limited segment of the campus community, emergency notification messages may be limited to that group. If the potential exists for a very large segment of the campus community to be affected by a situation or when a situation threatens the operation of the campus as a whole, then the entire campus will be notified. In any case, there will be a continuing assessment of the situation and additional segments of the campus community may be notified if the situation warrants such action.

The authorized official will, considering the nature of the threat and the population to be notified, choose the appropriate communication tool(s) to utilize. UNTD and the College of Law have at their disposal a number of tools that may be used to disseminate emergency notifications to the campus community. Emergency notification will typically be sent through CANVAS, Jag Alert, email, UNTD and the College of Law's website, and/or social media.

The authorized official will approve the issuance of notification and either issue the notification message him/herself, or contact a trained user of the notification system to issue the message. As the event unfolds, information regarding the status of the emergency will be disseminated to the larger community as soon as possible by University Communications and Marketing in collaboration with the UNTD Police Department and/or other campus units. This information may come in the form of updates to e-mail, Jag Alert, UNTD's website, social media, and/or communications directly with the media, if necessary.

All UNTD students and employees are automatically enrolled in Jag Alert using the telephone

numbers that were provided during the registration or hiring process. Students and employees are encouraged to check their contact information for accuracy and update it as soon as it changes. In case of an emergency, a message will be sent to each of these numbers. A student or employee may elect not to receive notifications from the university. This preference must be submitted electronically or in writing and must be renewed at the start of each academic year. Jag Alert may be used to notify the campus community of severe weather, such as tornado warnings. However, the City of Dallas owns and operates outdoor warning sirens which notify residents of the presence of severe weather.

Timely Warnings

UNTD provides timely warning to the campus community by posting crime awareness alerts when a crime is reported to a campus security authority, campus police or local law enforcement and is considered to represent a continuing threat to students or employees. Based on the circumstances of the crime alert, bulletins are sent to campus and local newspapers, posted on campus bulletin boards or other appropriate locations, and sent out on campus e-mail.

Personal Responsibility for Safety No safety rule is a complete substitute for common sense, nor can safety rules be devised to cover every situation you experience. For these reasons, good judgment must be used in every situation. Each person is responsible for the following:

Individual Responsibility

- Follow the approved practices and procedures or standards which apply, on any work you perform for the College of Law.

- Use only the appropriate protective equipment and devices. Use such equipment or devices whenever the hazard justifies their use or when so instructed by your supervisor.
- It is the responsibility of everyone to make frequent inspections of tools and other equipment used to make sure such tools and equipment are in good physical condition.
- Report to your Supervisor/Instructor any condition which might injure any person or damage any property. The hazard should also be pointed out to others exposed to it in order to correct or avoid it before an accident occurs.
- Any injury which occurs at the College of Law, no matter how slight, or any accident that causes damage to property shall be reported immediately to the College of Law Associate Dean for Finance and Administration and the UNT System Director for Building Security and Facilities.
- All injuries and accidents should be reported to the Supervisor/Instructor by the end of the day.
- If anyone observes another who is about to endanger themselves, another person, or property while at the UNTD College of Law, they should intervene immediately in such a way as to not endanger themselves.
- Alcoholic beverages are not allowed on UNT System property without prior approval and use of such is prohibited.
- No one is to report for work or class evidencing any effects of alcoholic consumption. Controlled substances, such as marijuana and cocaine, are illegal by state and federal law. Their use and possession are prohibited on UNT System property.
- Liquids such as water or oil, excessive dust/dirt, or any other debris spilled on floors represent serious slipping hazards and should be cleaned up immediately upon observation.

Accident Investigation and Reporting

- Anyone who suffers an injury at the College of Law shall promptly report such injury to the Supervisor/ Instructor no later than end of the period on the day in which the injury occurred.
- Every accident shall be investigated to determine the cause and the steps needed to prevent a recurrence.
- It shall be the responsibility of the Supervisor/Instructor to obtain the complete and detailed facts of the accident as soon as possible after it occurs and to see that the required reports are made to the Administration.

Firearms

Effective August 1, 2016 SB 11 (Campus Carry), permits licensees the authority to carry their guns concealed on campus. UNTD developed a policy containing guidelines regarding the carrying of concealed weapons on campus, including making certain parts of campus exempt from the law.

[UNT Dallas Carrying of Concealed Handguns on Campus 12.006](https://www.untDallas.edu/hr/upol) can be found on the UNT Dallas Policy Index page <https://www.untDallas.edu/hr/upol>.

Exceptions to this policy are limited to the following instances:

- Department of Public Safety and other law enforcement agencies in performance of their normal duties may carry firearms on School property.

Good Housekeeping

- Good Housekeeping is essential to safe operation. It will result in fewer accidents and will reduce hazards.
- Oil and other spills should be cleaned up promptly to eliminate slipping and fire hazards.
- All work areas must be kept free of tools, materials, draped hoses, extension cords, and other objects which create hazards.
- Cleaning up the area where you are working is part of the job.
- A job is not completed until the area is cleaned up.

FIRE PREVENTION AND SECURITY

Fire Prevention

- Everyone should exercise good judgment and conduct themselves in a manner that would prevent fires while on UNT System property.
- No one should smoke in areas where “No Smoking” signs are posted, or where hazard from smoking exists.
- If a fire should occur, contact your supervisor/instructor or the UNT System Director for Building Security and Facilities who will contact the Dallas Police/Fire Departments.
- Stay calm. If the fire is small, select the proper extinguisher and attack the fire (if this can be done safely).

The following chart describes the different types of fires normally encountered and the proper extinguisher to use in each case.

TYPES OF FIRES	TYPES OF EXTINGUISHER AND AGENT
Ordinary Combustible Materials Such As Paper, Wood, and Trash	Water (Preferred) And Multi-purpose

<p style="text-align: center;">Flammable Liquid And Gases such As Gasoline, Lubricating Oils and Natural Gas</p>	<p style="text-align: center;">Dry Chemical (Preferred) And Carbon Dioxide</p>
<p style="text-align: center;">Electrical such as Electronic Instruments And Switchgear Installations</p>	<p style="text-align: center;">Carbon dioxide (Preferred) And Dry Chemical</p>

Storage of Flammable Liquids: Metal containers and/or safety cans equipped with flame arresters and spring actuated caps should be used for the storage and handling of all flammable liquids with a flashpoint of less than 100 degrees Fahrenheit.

SOLVENTS, CHEMICALS & CHEMICAL CLEANING, WATER TREATMENT

Rule: All chemicals and solvents are treated as potential hazards from initial delivery to ultimate use and require the use of safe practices at all times. Anyone handling flammable liquids or chemicals of any type should wear appropriate protective clothing and will comply with industry safe practices and the safety instructions on the container label in regards to both the use and storage of these materials. Chemicals and materials with toxic fumes are to be used only in well-ventilated areas.

Responsibility: It is the responsibility of everyone to be aware of the hazards related to the use of solvents, chemical cleaning materials, and other chemicals and to enforce the rules related to their use. Hazards to be considered when using solvents, chemical cleaning materials, and other chemicals are: contact with a hazardous material can cause skin rash or dermatitis, corrosive burns or eye damage, potential explosive or fire hazard. The danger of ingestion of a poisonous, corrosive, or hazardous substance through the mouth or absorbed through the skin. The inhalation of a volatile solvent, gas or toxic dust which may produce asphyxiation, intoxication, or damage to mucous membrane and internal organs.

First Aid: First aid procedures vary depending on the chemical nature of the materials in question. Follow the instructions on the container label. In the event that a person should come in contact with solvent or chemicals in the eyes or on the skin, the affected area should be irrigated for a minimum of fifteen (15) minutes. If anyone ingests chemical materials or is splashed with a hazardous material and irrigation facilities are not available, they should immediately be referred to a hospital emergency room.

SEVERE WEATHER

Tornado: If (in the judgment of the UNTD President or administrator in charge) the threat of impending danger warrants it, the following actions may be taken:

- Dismissal of all classes and assembly of students and employees into interior hallways and away from glass windows, doors and partitions
- Everyone should remain in these “safe” areas until in the opinion of the Chancellor the threat of danger is past.
- If the tornado or destructive wind strikes the building, everyone should sit on the floor, with backs against the wall, their heads between their knees, and their hands clasped over the backs of their heads until all danger is past.

Flooding: During periods of flooding, the UNTD President will remain in contact with appropriate authorities and will keep both students and employees advised of local road conditions.

Ice and Snow: In the event that ice and/or snow threaten to make highway travel hazardous, the UNTD President, may dismiss classes to allow commuters to return home safely.

Closing the School as the Result of Severe Weather: Only the UNTD President in consultation with the Chancellor and the Dean of the College of Law has the authority to close the School. When this action is taken, the UNTD President or designee will notify the students and university employees. In addition, it will be posted on the College of Law’s website and the local media will be notified and asked to broadcast the notice of closing.

Self-Determination Policy: No student will attempt to attend class and no employee will report to work if, by their opinion or by the warning of law enforcement officials, travel conditions in their area are unsafe (or if other circumstances would place their lives/health in jeopardy).

EVACUATION PROCEDURES

Emergency Evacuation: During an emergency evacuation, each instructor is responsible for the safe and orderly evacuation of his/her class. Instructors not in class should assist with any evacuation problems that may arise. It is the instructor’s responsibility to prevent panic, control traffic, and provide calm leadership. The following guidelines should be observed:

- Instructors should know the shortest route from the classroom to the nearest exit.
- When the need to evacuate the building arises, the class should be directed to move to the nearest exit and at least 50 feet away from the building to an area of safety.
- The instructor should be last to leave in order to check that all students are out of the classroom and to close the door.

OFF-CAMPUS CRIMINAL ACTIVITY

UNTD-PD jurisdiction includes the UNTD campus and non-campus buildings, as well as the College of Law campus. The UNTD-PD communicates regularly with the Dallas Police Department to aid in the coordination of the activities of these agencies. The Dallas Police Department provides information to campus police about criminal activity at off campus properties owned or controlled by registered student organizations.

SEX OFFENSES

If any member of the UNTD community is a victim of sexual assault, including rape, acquaintance rape, forcible and non-forcible sex offenses, sexual harassment, sexual violence or sexual coercion, there are many services available to assist, but first, the individual’s safety is of the utmost importance. If you or a member of the community is a victim of sexual assault, please contact any of the following offices:

- UNTD Police (972) 780-3000
- Office of the Vice President of Student Access and Success (972) 780-3059
- UNT Dallas College of Law Assistant Dean of Student Affairs (214) 243-1789
- Office of Student Affairs/Dean of Students (972) 338-1775
- Equity and Diversity (972) 338-1411
- Title IX Coordinator (972) 338-1775

Victims of sexual assault that have occurred on campus should notify campus police immediately. Victims may seek assistance of other campus personnel to assist in reporting a sexual assault to the police department. If the assault occurred outside of the UNTD campus, call the local police department where the assault occurred.

Following the assault, in order to preserve evidence necessary for the proof of criminal sexual assault, victims should not bathe, douche, or change clothes. After reporting the assault to police, victims should go to a hospital emergency room for a sexual assault examination. Victims may choose to have someone take them to the hospital or a police officer can meet them at their location to provide transportation. The police officer will need to obtain a statement describing the details of the assault.

A counselor from the Dallas Rape Crisis Center will be contacted to meet with victims at the hospital. The counselor will talk with victims and inform them of their options involving counseling. Counseling services in Student Affairs offers professional counseling to sexual assault victims. Off-campus counseling options include:

Off-Campus Support	
Genesis Women’s Shelter	(214) 946-HELP (4357)

Dallas Area Rape Crisis Center	(972) 641-7273
--------------------------------	----------------

The sexual assault victim may choose a pseudonym (fictitious name) and address to maintain the confidentiality or a pseudonym will be assigned at the request of the victim. If the victim presses charges, the campus police will conduct a thorough investigation. There is a possibility that some courtroom testimony may be required if the case goes to trial.

The university provides assistance in changing academic schedules after an alleged sexual offense if so requested by the victim and if accommodations are reasonably available. Arrangements for changes in academic schedules can be made by contacting the Office of Student Affairs.

The University of North Texas at Dallas will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report containing the result of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the victim's next of kin shall be treated as the victim with regard to the dissemination of the report.

Procedures for disciplinary action

Policies and procedures regarding campus disciplinary proceedings are described in the Code of Student's Rights, Responsibilities and Conduct on [UNT Dallas' Policy Index](#). The accused and the accuser are entitled to the same opportunities to have others present during a campus disciplinary proceeding and both will be informed of the outcome of such proceedings. Sanctions for violations of the Code of Conduct range from a warning to permanent expulsion.

Registered Sex Offender Registry

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

Information concerning registered sex offenders may be obtained at the Texas Department of Public Safety website at www.txdps.state.tx.us

Emergency Communication Guidelines

- **Tornado Warning** – Indicates a tornado has been sighted or is indicated on radar and confirmed by spotters.
 - When a tornado **WARNING** is received by way of siren or public broadcast:
 - UNTD faculty and staff will insure that all persons with disabilities are evacuated to designated safety areas first, along with other students and visitors.
 - If a designated safety area cannot be reached, move away from windows to an inside hall or take cover under desks or tables.
 - Protect yourself by:
 - Lying face down
 - Drawing your knees up under you

3. Make no threatening movements or comments to the person.
4. Designate one student to contact additional staff.
5. Remain calm during your conversation with the person.
6. Remain with the person until help arrives, unless you and others feel an immediate threat to your safety.

MEDICAL EMERGENCY:

- Injury to any person or persons requiring treatment by a physician or by registered professional personnel under the standing orders of a physician (i.e., paramedics, ambulance personnel, nurses, etc.)

- Reportable examples include but are not limited to:
 - Medical emergencies

 - Accidents caused by property damage or unsafe conditions.
 - Apparent minor injuries that may become major injuries requiring medical treatment by a physician at a later date.
 1. First responders may call 911 if they determine that immediate medical attention is necessary. Once emergency services have been contacted, the UNTD President should be notified of the location of the emergency.
 2. ALWAYS document the incident.

MINOR FIRST AID:

For the treatment of minor injuries not requiring the services of a physician or registered professional personnel under the standing orders of a physician, the UNT System and College of Law keep first aid kits at dedicated places throughout the UNT System and College of Law premises.

EMERGENCY RESPONSE AND EVACUATION DRILLS

UNTD conducts a test of the emergency response and evacuation procedures at least once a year including the College of Law. The test is unannounced to the students and takes place at a time when most of the students, faculty and staff are expected to be present on campus. An emergency response log is maintained in the President's Office and includes the date, time and whether the drill was announced or unannounced.

EVACUATION PROCEDURES:

In the event a building must be evacuated students, faculty, and staff should use the stairs (stair wells) as these are usually the best escape option. At the College of Law, stairwells are located at the ends of major hallways. For instructors, head for the nearest exit sign/doorway unless it endangers you or your students. Elevators should be avoided whenever possible during the evacuation process. Be aware of alternate routes to leave your building. Once outside assemble the group to account for your students. Shut doors behind you as you leave, ensuring all students are out of the room/building.

In the event staff evacuate a campus facility, they are to close their office doors behind them and seek the nearest exit or stairwell unless it is blocked or unsafe. In the event of a tornado/warning, staff should seek interior space on the lowest possible level, as far away from glass windows as possible or in the stairwells. All staff should familiarize themselves with alternate routes from their office to the outside. In the event of a tornado, staff should move to the interior offices and protect themselves, if possible.
